

## Go Green Daily Delegate Rate

### Making sustainable choices

Be sensitive to the environment with your travel choices, explore the local bike routes, public transport links and local electrical car charging points when planning your delegate's journey.

Place your event in our sustainable building Elm Grove your guests' comfort in this building is supported by our 100% renewable energy.

### Refreshments

We offer three servings of tea coffee, fresh fruit and chefs treats throughout the day with the emphasis being on natural, biodegradable, fair-trade, ethical, and organic offerings.

Suggest to delegates to bring their own water bottles and refill from our hydration stations included in the package.

### Lunch Menu (VE)

Crispy cauliflower wings with BBQ dip  
Sweet potato and chickpea falafel with plant-based coriander yogurt  
Oven baked tomato and basil arancini with plant-based garlic aioli  
Carrot and poppy seed and pickled red cabbage salads  
Pearl couscous and yellow split peas  
Grilled pitta bread  
Seasonal berries and white chocolate pot

Selection of juices and hydration stations for guests.  
All catering served in Vegware products.

Our plant-based lunch menus are seasonal, we support local sourced food, if your guests can't finish this delicious offering the waste is processed on site in our bio-digester. Composting all our food and Vegware products, this compost is then used by our grounds team and Growhampton across the properties.

### Conference Materials

We provide and promote recycling facilities across our venues including separate bins for recyclables and general waste.

If you plan to bring conference materials opt for items that can be recycled and reused.

### Guests Wellbeing

We have nature and biodiversity at our core, guests can enjoy a 5k amble around our woodland and lake areas. With tree top views from our event spaces and skyline views from our top floor balcony factor in break times for guests to enjoy the nature surrounding us.

We also can offer further guest experiences to enhance your day including yoga sessions or sound bath meditation.

## **Giving Back**

Giving back to our surroundings and community is a key driver to the Roehampton Venues ethos, factor into your event day some onsite activities to support our sustainability policies.

Spend some time with our **Growhampton** team getting your hands dirty either in our allotment gardens, looking after the hens or learning about the different produce we are growing in our polytunnels. These practical group sessions offer an opportunity to develop practical growing skills and nurture your wellbeing in our community growing spaces.

Make a donation to **The Royal Parks Charity** having one of London eight Royal Parks on our doorstep provides a much-needed space for the local communities wellbeing and quality of life. Many people rely on them as their only access to green space. Richmond Park is home to much of the cities wildlife and creates many memories and moments

**Sustainability Session** set aside some time in your day to discuss your companies environmental sustainability and corporate responsibility. Discuss improvements to your own green initiatives within your business and how you can make steps forward as a team.

**Post Event Activity** bring your team together and dip into a selection of wellbeing activities we offer post event from cycling, paddleboarding and yoga in and around the local area.

**Roehampton Venues gives back** for every Green Daily Delegate rate booked a portion of the profits will be donate to our local charity Regenerate affiliated with the University. Regenerate is a youth charity established in year 2000 to work with young people on estates in Roehampton, Putney and surrounding areas. Their aim is to inspire and support young people by building strong relationships and creating life changing opportunities; helping them grow in confidence, making the best of their lives and impact the world for good.

***We look forward to welcoming you to Roehampton Venues and thank you for supporting our sustainability journey. Please do ask us for more information on the option to offset your carbon footprint.***
